www.directcapital.com/apply/kwikrink

Finance Program Features

100% Financing

100% Tax Write Off

Fixed Payment

Improves Cash Flow

Improves Balance Sheet

80% of Businesses Lease

Flexibility

Fast Decisions. No Hassles.

- ◆ We will finance 100% of any purchase, including all applicable taxes, maintenance, training and up to 30% of supplies.
- ◆ Write off over \$100,000 on your taxes when you lease equipment and/or technology for your business.
- ◆ Hedge against rising interest rates by locking in a low monthly payment that is fixed for the term of the lease.
- ◆ Free up cash for emergencies or other high return investments. Our programs require no down payment, further decreasing the impact on business cash flow.
- ◆ Since the equipment and/or technology is not owned, it is not considered as debt on your balance sheet.
- ◆ Leasing is a smart budgeting decision and allows for a close match of the financing payment with the additional revenue the equipment will generate for your business each month. This allows you to achieve profitability as quickly as possible.
- ◆ Custom lease packages address the specific needs of individual businesses including; start up finance programs and deferred, seasonal and skip payment options.
- ◆ Our process is a fast, simple and cost effective financing option for any business. Expect immediate turnaround on all applications.
